

Family Day Care

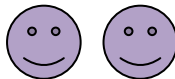

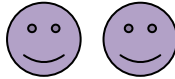

Family child care providers may care for up to **6** children

and up to **2** additional school age children, if approved.

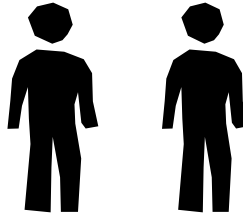

One approved caregiver per every **2** children under the age of two!

For a maximum capacity of **8** children.

Family day care providers may care for more than **2** children under the age of two only if:

there is at least one approved caregiver for each **2** children under the age of two.
