

Group Family Day Care

Group family child care providers may care for up to **12** children

and up to **4** additional school age children, if approved.

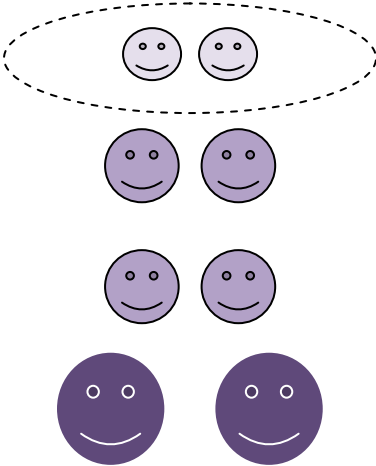

One approved caregiver per every **2** children under the age of two!
(For example, **6** children under two require three approved caregivers.)

For a maximum capacity of **16** children.

One group family child care provider may care for up to **8** children by his/herself provided that:

No more than **2** of the children are under the age of two

and at least **2** of the children are of school age
