

More Tax-Saving Options

Child/Dependent Care Credit

is a refundable tax benefit that helps you pay for the child care you need in order to work or look for work. It reduces the amount of federal income tax you pay by lowering the amount you owe. Anything left over after your taxes are paid will be refunded to you in a check. The size of your credit is determined by the number of children in your care, your income and the amount you paid for child care. If you are eligible you can expect to receive 20-35% of child/dependent care expenses depending on income.

Who Qualifies for the Child/Dependent Care Credit?

- If you paid for care in the previous year for a qualifying child under age 13
- If you need child/dependent care to work or look for work
- If you are married or joint filers you must have paid less for child care than the income of the spouse with the lowest income
- If you use any type of care including a center, family child care, home or a church; neighbor or relative (EXCEPT a spouse).
- Please note that you cannot apply for credit if you receive free child care.

How Do I Apply?

- File a federal tax return 1040 with Schedule 2441 attached or 1040A with Schedule Z attached.

New York State Tax Credit

is a refundable tax credit offered on the state level. Even if you owe no taxes, you can still get a refund!

Who Qualifies for the New York State Tax Credit?

If you claimed the Federal EITC, you can claim the State Tax Credit. The State Tax Credit is based on a percentage of the Federal EITC.

You must be a resident or a part time resident. The NYS EITC is 30% of your allowable Federal EITC.

How Do I Apply?

You must complete form IT-215 "Claim for Earned Income Tax Credit," and attach it to Form IT-150, IT-201 or IT-203.

* When you use both the Federal and State tax credits, YOU can save even more money!

What do we mean by "Earned Income" for the EITC and the CTC?
